VIEW THE UNRIVALLED MEDICAL DEVICE SAFETY AND MEDICINES SAFETY CONFERENCE PROGRAMMED IN PARTNERSHIP WITH NAMDET

When you attend Patient First you will have access across [7 Theatres](#), [The Poster Zone](#) as well as the busy [exhibition floor](#); but today I am highlighting the [Medical Device Safety and Medicines Safety programme](#) in association with NAMDET, which I believe will be of particular interest to you.

[Click here](#) to secure your £399 + VAT education grant using your organisation's education grant code **NAMDPF17**

"We are committed to sharing best practice across the medical device network and we are delighted to partner with Patient First to further our training and support reach to medical engineers, safety officers and trainers, nursing staff and operating department practitioners from NHS voluntary and private sectors." **Mike Peel**, Director, **NAMDET**

You can register for your pass [here](#) and use your organisations' education code **NAMDPF17** to waive the £399+VAT ticket fee. Please note this code will expire and be re-allocated on Friday 6th October .

If you have not received information on Patient First or your education grant code please check with your medical director or contact your delegate relationship manager; Ashlea Foster, T: 0207 013 4985 E: a.foster@closerstillmedia.com.

We look forward to welcoming you on the 21st and/or 22nd November 2017, to the ExCeL, London. Please see overleaf for the 2 day programme for the medical device and medications training theatre.

Kind Regards,

Lucy Pitt
