

NAMDET Annual Conference 2019

'Training, Risk and Governance: Sharing what we know'

York Racecourse Conference Centre 14th November

NAMDET's highlight event of the year is being held at York Racecourse Conference Centre and promises to be the biggest event we've held to date. Numbers attending have grown year-on-year and for 2019 we are in the historic city of York. The venue has easy access for exhibitors and plenty of on-site parking. We have spaces for 20 key exhibitors (5 x Premium and 15 x Standard) and this year we have set the fees to suit all budgets.

Gain access to key opinion leaders, see what's happening in the field of medical device training. A range of speakers from NAMDET, industry, NHS and the regulators. Premium stands are strategically placed, larger (10 foot) and allocated on a first-come-first-served basis. All stand prices includes 2 free delegate places and includes access to the conference, lunch and refreshments through the day.

Book early to avoid disappointment, visit www.namdet.org to book your place and for all exhibitor and conference details

Educators and Trainers

NAMDET
conference
2019

Thursday 14th
November

This year's theme will be focussed on training, risk and governance and sharing ideas and how NAMDET is best placed to help drive the direction of medical device training, assessment and competency for all users of medical devices.

Premium Stand £1500
(10 foot table including 2 delegates)

Standard Stand £995
(6 foot table including 2 delegates)
