

NAMDET Annual Conference  
14th November 2019  
York Racecourse Conference Centre

## Training, risk and governance, sharing what we know

<b>0845 to 09:15</b>	<b>Registration and Refreshments</b>
09:15 to 09:30	<p><b>Welcome Message and Opening Address</b> Paul Lee, Medical Devices Training Manager, Swansea Bay University Health Board, Chairman NAMDET</p>
Session Chair	<b>Claudia Poynton, NAMDET Yorkshire (Fresnius-Kabi)</b>
09:30 to 10:00	<p><b>Medical Devices: Getting it Wrong</b> <b>Derek Hamill, Partner, Head of Corporate, Gilson Grey LLP</b> <i>An overview of current UK law on device regulation, with a focus on enforcement and also legal issues overview of MDR enforcement regime; how can action be taken, by who, with what sanctions. Outlining two main circumstances beyond MDR where liability for a defective device might arise; contract damages and negligence. Summary of the law on damages and negligence, with a focus on how delegate behaviour may trigger claim.</i></p>
10:00 to 10:30	<p><b>Medical Device Training; Too much tech.. Or is it?</b> <b>Ted Mullen, Head of Service, Medical Equipment Management. NHS Greater Glasgow and Clyde NHS Scotland</b> <i>We are entering a hi- tech phase that is becoming more IT orientated. We have plenty of devices that are hi-tech at the moment but the new phase with Apps, Internet of Things, connectivity etc. brings new challenges - governance, cyber-security risks and also training and education challenges.</i></p>
<b>10:30 to 11:00</b>	<b>Refreshments and Networking</b>
Session Chair	Phillip Winstanley, NAMDET NW, Theatre & Recovery Manager, Warrington Hospital
11:00 to 11:30	<p><b>Training, Risk &amp; Governance – implications for patient safety</b> <b>Sarah Jennings, Patient Safety Clinical Lead (Medical Devices) NHS England and NHS Improvement</b> <i>Review of barriers and governance when implementing effective, system-wide actions that providers must take on critical patient safety issues</i></p>
11:30 to 12:00	<p><b>Mind the Gap</b> <b>Paul Sim, KS Medical Devices Knowledge Manager, BSI</b> <i>Training, Risk &amp; Governance, as we know, impacts to varying degrees on all types of organisations; whether a medical devices manufacturer, Clinical Professionals, Regulatory Authority or EU Notified Body. From each of our own experiences we can identify areas which present challenges and require resolutions. For each and every one of us in the healthcare sector we share a common goal and that is to deliver an enhanced patient experience with full compliance with the Medical Devices Regulations, Clinical and Professional Governance resulting ultimately in improved patient safety. “Mind the Gap” is part of our journey, which aims to highlight some of our challenges and maybe some potential solutions.</i></p>

12:00 to 12:30	<p><b>Investigation without blame</b>  <b>Scott Hislop, Principle National Investigator &amp; Jonathan Back, Intelligence Analyst HSIB: Healthcare Safety Investigation Branch</b>  <i>How “investigation without blame” aims to enhance patient experience and reinforce patient safety. HSIB has identified (within several investigations) that new technologies can deliver efficiencies, but they can bring with them new risks.</i></p>
<b>12:30 to 13:30</b>	<b>Networking Lunch</b>
13:30 to 14:00	<p><b>NAMDET Annual General Meeting</b>; Review annual report, finance and updates (MEMBERS ONLY)</p>
Session Chair	<b>Richard Tuck, NAMDET North East, Gateshead Health NHS Foundation Trust</b>
14:00 to 14:30	<p><b>Records Management for Large Datasets with Limited Resources</b>  <b>Graham Stanbury, Integra (e-Quip) Ltd.</b>  <i>While training teams within the NHS are usually small, the datasets that they manage can be enormous. My presentation will explore techniques that can be used to make this data more manageable.</i></p>
14:30 to 15:00	<p><b>Using the apprenticeship levy to support training for our clinical engineering colleagues: Joe Bowen, Training Academy Manager, Avensys</b>  <i>A look at the current available apprenticeship standards that support clinical engineering and how these are funded via the apprenticeship levy.</i></p>
<b>15:00 to 15:20</b>	<b>Refreshments and Networking</b>
Session Chair	<b>Victor Brooks, NAMDET Yorkshire, Sheffield Teaching Hospitals NHS Trust</b>
15:20 to 15:40	<p><b>Managing Extravasation Incidents in a Large Healthcare Organisation</b>  <b>Dr, Eva Zincone &amp; Marvin Mapunde. Leeds Teaching Hospitals NHS Trust</b>  <i>The presentation will cover issues relating to the management of extravasation incidents within a large healthcare organisation. The main focus is on safety improvement plan. The objective of the presentation is to share our experience at LTHT with the hope to start a nationwide forum designed to network and share ideas relating to best practice for reduction of extravasation incidents.</i></p>
15:40 to 16:00	<p><b>When Will Our Hospitals be Totally Non-Smoking?</b>  <b>Steve Veck, Electro Surgery Consultant, SURGIVEX</b>  <i>Despite efforts to achieve smoke free hospitals, many of our healthcare professionals are still exposed to dangerous levels of surgical plume. My presentation will look at what are these dangerous elements, what risk do they pose and how can they be eliminated. Many healthcare professionals are aware of this risk but feel powerless to change things. Do we now need a mandatory policy?</i></p>
16:00 to 16:20	<p><b>NAMDET Educating the Educators Workshop (feedback)</b>  Lindsay Coleman, Marcus Berry, Mary Caddies, Lisa Whitney</p>
<b>16:20 to 16:30</b>	<b>Closing Remarks &amp; Look Forward to Conference 2020; Paul Lee, Chairman NAMDET</b>
