

Subject: Call for Posters – NAMDET 2026 Conference | Showcase Your Project!

Dear colleagues,

We are pleased to invite poster submissions for the upcoming **NAMDET National Conference 2026**, taking place on **Thursday, 12th November**, at **The Catalyst, Newcastle Upon Tyne**.

This year's theme is:

“Back to Basics. Education Education Education”

We're looking for posters that showcase innovation, best practice, training initiatives, patient safety improvements, or impactful changes in medical device management and education.

Suggested Topics Include:

- Innovative solutions in clinical engineering or medical device training
 - Digital tools or technologies improving safety and compliance
 - Case studies of service improvements or audit outcomes
 - Lessons learned from incidents or device-related investigations
 - Collaborations between clinical and technical teams
-

Awards & Recognition

- **Best two poster abstracts will win a prize of £250 for each authoring team, towards attending the conference to present on their poster project in person at the conference.**
 - Winning posters will also be featured in NAMDET's website and MDET Journal
-

How to Submit

Please check <https://namdet.org/> for abstract submission instructions and more information.

Deadline for abstract submissions is 30th September 2026

Accepted posters must be printed in **A1 size** and brought to the conference on the day or sent in advance.

Help us showcase the brilliant work happening across the NHS — we strongly encourage every health organisation and commercial partner training lead to support at least one submission!
